7.2. Exclusion from award

Applicants will be excluded from the award of co-financing if, in the course of the grant award procedure, they fall under one of the situations described under article 141 of the Financial Regulation⁽¹⁸⁾:

- (a) are in an exclusion situation established in accordance with article 136 of the Financial Regulation;
- (b) have misrepresented the information required as a condition for participating in the procedure or have failed to supply that information in the grant award procedure or fail to supply this information;

In order to demonstrate compliance with the exclusion criteria, the coordinator has to check the relevant box while submitting its online application. If selected for co-funding, all beneficiaries (in case of multi-beneficiary grant) have to sign a declaration on honour certifying that they are not in one of the situations referred to in Articles 136(1), 136(2), 141 and 142 of the Financial Regulation. The applicants should follow the instructions in the Funding and Tenders Portal.

8. Selection criteria

8.1. Financial capacity

Applicants must have stable and sufficient sources of funding to maintain their activity throughout the period of implementation of the action and to participate in its funding.

The financial capacity of all applicants will be assessed in line with the requirements of Regulation (EU, Euratom) 2018/1046. This assessment will not be carried out if:

- The applicant is a public body.
- The EU contribution requested by the applicant is \leq EUR 60 000.

The supporting documents that will be requested when assessing the financial capacity include:

- The profit and loss account, the balance sheet for the last financial year for which the accounts were closed.
- For newly created entities, the business plan may replace the above documents.

In addition, for a coordinator or other beneficiary requesting an EU-contribution of \geq EUR 750 000 (threshold applicable per beneficiary):

- An audit report produced by an approved external auditor certifying the accounts for the last financial year available. This provision shall not apply to public bodies.

The assessment of the financial capacity of applicants will be performed through the Funding and Tenders Portal.

8.2. Operational capacity

Applicants must have the appropriate professional qualifications to complete the proposed actions.

Applicants shall demonstrate that at least one natural person working under employment contract with the applicant, or assigned to the action on basis of an equivalent appointing act, secondment against payment or on the basis of other types of direct contracts (e.g. covering provision of services) will be appointed as a project coordinator. The project coordinator shall have at least three years' experience in project management. As evidence, the following information must be provided in the annex 'CVs':

- Curriculum Vitae (qualifications and professional experiences) of the person/s primarily responsible for managing and implementing the proposed action ⁽¹⁹⁾.

Furthermore, the following information must be provided in the annex 'Additional information':

- The proposing organisation(s) activity report or a description of activities performed in connection to the activities that are eligible for co-financing as described under point 6 (above).

9. Award criteria

Part B of the application serves to evaluate the proposal against the award criteria.

⁽¹⁹⁾ Applicants are advised to submit curricula vitae in the Europass format. Template available at: <http://europass.cedefop.europa.eu/>

Applications must propose an efficient management structure and provide a clear and precise description of the strategy and of the expected results.

The content of each proposal will be assessed according to the following criteria and sub-criteria:

Criteria	Maximum Points	Threshold
1. Union dimension	20	14
2. Quality of the technical proposal	40	24
3. Quality of the project management	10	6
4. Budget and cost-effectiveness	30	18
TOTAL	100	62

Proposals falling below the overall and/or the individual thresholds announced above shall be rejected.

The following sub-criteria shall be taken into account in the assessment of each of the main award criteria:

1. Union dimension:

- a) Relevance of proposed information and promotion measures to the general and specific objectives listed in Article 2 of Regulation (EU) No 1144/2014, aims listed in Article 3 of that Regulation, as well as to priorities, objectives and expected results announced under the relevant thematic priority.
- b) Union message of the campaign.
- c) Impact of project at Union level.

2. Quality of the technical proposal:

- a) Quality and relevance of the market analysis.
- b) Coherence of the programme strategy, objectives and key messages.
- c) Suitable choice of activities with respect to objectives and programme strategy, adequate communication mix, synergy between the activities.
- d) Concise description of activities and deliverables.
- e) Quality of the proposed evaluation methods and indicators.

3. Quality of the project management:

- a) Project organisation and management structure.
- b) Quality control mechanisms and risk management.

4. Budget and cost-effectiveness:

- a) Justification of the overall level of investment.
- b) Suitable allocation of budget in relation to the objectives and scope of the activities.
- c) Clear description of the estimated costs and accuracy of the budget.
- d) Consistency between the estimated costs and deliverables.
- e) Realistic estimation of costs of project coordination and of activities implemented by the proposing organisation, including number and rate of person/days.

Following the evaluation, all eligible proposals are ranked according to the total number of points awarded. Financial contributions shall be awarded to the highest scoring proposals up to the available budget.

A separate ranked list shall be established for each of the priority topics listed under section 6.2 of the present call.

If there are two (or more) proposals with the same number of points on the same ranked list, then the proposal(s) which allows for diversification in terms of products or targeted markets shall be prioritised. It means that between *ex aequo* proposals, the Commission shall first select the one the content of which (firstly in terms of products, secondly in terms of targeted market) is not yet represented in the higher ranked proposals. If this criterion cannot be applied to differentiate the proposals, then the Commission shall select first the programme which got the highest score for the individual award criteria. It will first compare the scores for 'Union dimension', then for 'Quality of the technical proposal', and finally for 'Budget and cost-effectiveness'.

If for a given topic there are not enough proposals on the ranked list to exhaust the whole foreseen amount, the remaining amount may be reallocated to other topics according to the following criterion:

- The total of the remaining foreseen amount for all five topics shall be merged and assigned to projects with the highest quality score, irrespective of the topic for which they have applied.

The order of the ranked lists will be strictly followed.

10. Legal commitments

The coordinators of proposals included in the list for funding will be invited to engage in adaptation phase preceding the signature of the grant agreement; the adaptation will be carried out via an online grant preparation system (SYGMA). If successful, it will result in the signature of a grant agreement, drawn up in euro and detailing the conditions and level of funding.

The grant agreement must be signed electronically first by the coordinator on behalf of the consortium and then by Chafea. All co-beneficiaries must accede to the grant agreement by signing electronically the accession form to the grant.

11. Financial provisions

The Financial Regulation ⁽²⁰⁾ defines the applicable rules for the implementation of the multi programmes.

11.1. General principles applying to grants ⁽²¹⁾

a) Non-cumulative award

An action may only receive one grant from the EU budget.

In no circumstances shall the same costs be financed twice by the Union budget.

Applicants shall indicate the sources and amounts of Union funding received or applied for the same action or part of the action or their functioning (operating grants), as well as any other funding received or applied for the same action.

b) Non-retroactivity

No grant may be awarded retrospectively for actions already completed.

A grant may be awarded for an action which has already begun only where the applicant can demonstrate the need to start the action before the grant agreement is signed.

In such cases, costs eligible for financing may not have been incurred prior to the date of submission of the grant application.

⁽²⁰⁾ Regulation (EU, Euratom) 2018/1046.

⁽²¹⁾ Article 188 of the Regulation (EU, Euratom) 2018/1046.

c) The co-financing principle

Co-financing means that the resources which are necessary to carry out the action are not entirely provided by the EU grant.

The remaining expenditure shall be borne exclusively by the proposing organisation. Financial contributions given to a beneficiary by its members, specifically to be used for costs that are eligible under the action, are allowed and will be considered as receipts.

11.2. *Balanced budget*

The estimated budget of the action must be presented in part A of the application form. It must have revenue and expenditure in balance.

The budget must be drawn up in euros.

Applicants, who foresee that costs will not be incurred in euros, are invited to use the exchange rate published in the *Official Journal of the European Union*:

http://ec.europa.eu/budget/contracts_grants/info_contracts/inforeuro/inforeuro_en.cfm

11.3. *Implementation contracts/subcontracting*

Where the implementation of the action requires the award of procurement contracts (implementation contracts), the beneficiary must award the contract to the bid offering best value for money or the lowest price (as appropriate), avoiding conflicts of interests ⁽²⁾.

The beneficiary is expected to clearly document the tendering procedure and retain the documentation for the event of an audit.

Where the proposing organisation is a body governed by public law within the meaning of Article 2(1)(4) of Directive 2014/24/EU of the European Parliament and of the Council ⁽²³⁾, it must select the subcontractors in accordance with the national legislation transposing that Directive.

Subcontracting, i.e. the externalisation of specific tasks or activities which form part of the action as described in the proposal must satisfy the conditions applicable to any implementation contract (as specified above) and in addition to them the following conditions:

- it must be justified having regard to the nature of the action and what is necessary for its implementation;
- the core tasks of the actions (i.e. the technical and financial coordination of the action and the management of the strategy) can neither be sub-contracted nor delegated;
- the estimated costs of subcontracting must be clearly stated in the technical and financial parts of the proposal;
- any recourse to subcontracting, if not provided for in description of the action, is communicated by the beneficiary and approved by Chafea. Chafea may grant approval:
 - (i) before any recourse to subcontracting, if the beneficiaries requests an amendment
 - (ii) after recourse to subcontracting if the subcontracting:
 - is specifically justified in the interim or final technical report and
 - does not entail changes to the grant agreement which would call into question the decision awarding the grant or be contrary to the equal treatment of applicants;
- the beneficiaries ensure that certain conditions applicable to beneficiaries, enumerated in the grant agreement (e.g. visibility, confidentiality, etc.), are also applicable to the subcontractors.

⁽²²⁾ For guidance on the competitive procedure, please refer to the following webpage:

⁽²³⁾ Directive 2014/24/EU of the European Parliament and of the Council of 26 February 2014 on public procurement and repealing Directive 2004/18/EC (OJ L 94, 28.3.2014, p. 65).

Subcontracting to entities having a structural link with the beneficiary:

Subcontracts may also be awarded to entities that have a structural link with the beneficiary, but only if the price is limited to the actual costs incurred by the entity (i.e. without any profit margin).

The tasks to be implemented by such entities must be clearly stated in the technical part of the proposal.

11.4. *Funding forms, eligible and ineligible costs*

Co-financing shall take the form of reimbursement of a specified proportion of eligible costs actually incurred; it will also comprise a flat rate covering indirect costs (equal to 4 % of eligible personnel costs) that are linked with the implementation of the action ⁽²⁴⁾.

— **Maximum amount requested**

The EU grant is limited to the following maximum co-funding rate of:

- for multi programmes in the internal market and in third countries: 80 % of the programme's eligible costs;
- in case of applicants established in Member States receiving on or after 1 January 2014 financial assistance in accordance with Article 136 and 143 TFEU ⁽²⁵⁾, the percentage shall be 85 %.

This shall only apply to those grants signed upon by Chafea before the date from which the Member State concerned no longer receives such financial assistance.

Consequently, part of the total eligible expenses entered in the estimative budget must be financed from sources other than the EU grant (co-financing principle).

— **Eligible costs**

Eligible costs are actually incurred by the beneficiary of the grant and meet all the criteria indicated in Article 6 of the grant agreement:

- Eligible (direct and indirect) costs are indicated in the grant agreement (see Article 6 par. 1 and 2).
- Ineligible costs are indicated in the grant agreement (see Article 6.4).

— **Calculation of the final grant amount**

The final grant amount is calculated after completion of the programme, upon approval of the payment request.

The final grant amount depends on the actual extent to which the programme is implemented in accordance with the grant agreement's terms and conditions.

This amount is calculated by Chafea, when the payment of the balance is made, in the following steps:

- 1) Application of the reimbursement rate to the eligible costs.
- 2) Limit to the maximum grant amount.
- 3) Reduction due to the no-profit rule.
- 4) Reduction due to improper implementation or breach of other obligations.

EU grants may not have the purpose or effect of producing a profit within the framework of the action. 'Profit' shall be defined as the surplus of the amount obtained following steps 1 and 2 plus the action's total receipts, over the action's total eligible costs.

⁽²⁴⁾ Applicant's attention is drawn to the fact that in case they receive an operating grant, indirect costs are not eligible.

⁽²⁵⁾ At the date of the publication of this call: none of the Member States are under financial assistance.

In this respect, where a profit is made, Chafea shall be entitled to recover the percentage of the profit corresponding to EU contribution to the eligible costs actually incurred by the beneficiary(ies) to carry out the action. A partner (coordinator or other beneficiary) requesting an EU contribution of \leq EUR 60 000 is exempted from this provision.

11.5. *Payment arrangements*

A pre-financing payment corresponding to 20 % of the grant amount will be transferred to the coordinator according to the conditions set out in the grant agreement (Art 16.2).

Interim payment(s) shall be paid to the coordinator according to the conditions set out in the grant agreement (Art 16.3). Interim payment(s) are intended to reimburse the eligible costs incurred for the implementation of the programme during the corresponding reporting period(s).

The total amount of pre-financing and interim payment(s) shall not exceed 90 % of the maximum grant amount.

Chafea will establish the amount of the payment of the balance on the basis of the calculation of the final grant amount and according to the conditions set out in the grant agreement.

If the total amount of earlier payments is greater than the final grant amount, the payment of the balance takes the form of a recovery.

11.6. *Pre-financing guarantee*

In the event that the applicant's financial capacity is not satisfactory, a pre-financing guarantee for an amount up to that of the pre-financing payment may be requested in order to limit the financial risks linked to the pre-financing payment.

If requested, the financial guarantee, in euro, shall be provided by a bank or approved financial institution established in one of the Member State of the European Union. Amounts blocked in bank accounts shall not be accepted as financial guarantees.

The guarantee may be replaced by a joint and several guarantee by a third party or by a joint guarantee of the beneficiaries of the action who are parties to the same grant agreement.

The guarantor shall stand as first-call guarantor and may not require Chafea to first have recourse against the principal debtor (i.e. the beneficiary concerned).

The pre-financing guarantee shall explicitly remain in force until the payment of the balance and, if payment of the balance takes the form of recovery, until three months after the debit note is notified to a beneficiary.

No guarantees will be required for a beneficiary receiving an EU contribution of EUR \leq 60 000 (low value grants).

12. **Publicity**

12.1. *By the beneficiaries*

Beneficiaries must clearly acknowledge the European Union's contribution in all activities for which the grant is used.

In this respect, beneficiaries are required to give prominence to the name and emblem of the European Union on all their publications, posters, programmes and other products realised under the co-financed project.

Rules for the graphic reproduction of the European emblem are found in the Inter-institutional Style Guide ⁽²⁶⁾.

In addition, all visual material produced in the framework of a promotion programme co-financed by the European Union must bear the signature 'Enjoy it's from Europe':

Guidelines on the use of the signature, as well as all graphic files can be downloaded from the promotion website on Europa ⁽²⁷⁾.

⁽²⁶⁾ <http://publications.europa.eu/code/en/en-5000100.htm>

⁽²⁷⁾ http://ec.europa.eu/agriculture/promotion/index_en.htm

Lastly, all written material, i.e. brochures, posters, leaflets, banners, billboards, print advertisements, articles in newspapers, webpages (with the exception of small gadgets) should include a disclaimer according to the terms detailed in the grant agreement, explaining that it represents the views of the author. The European Commission/Agency does not accept any responsibility for use that may be made of the information it contains.

12.2. *By Chafea*

All information relating to grants awarded in the course of a financial year shall be published on the internet site of Chafea no later than the 30 June of the year following the financial year in which the grants were awarded.

Chafea will publish the following information:

- name of the beneficiary (legal entity),
- address of the beneficiary when the latter is a legal person, region when the beneficiary is a natural person, as defined on NUTS 2 level ⁽²⁸⁾ if he/she is domiciled within EU or equivalent if domiciled outside EU,
- subject of the grant,
- amount awarded.
